Why should someone want to coach your club?

We are a group of professionals in our mid-twenties who get together weekly to play socially. We have a large squad and always welcome new members. We play matches against other local teams and would like to replace our current monthly coach as she is no longer able to attend.

We are willing to pay the going hourly rate for a coach and would only require you to attend once a month at the most to offer game tips and tactical coaching.
