

New Head Coach for National Squad

Welsh Netball is pleased to announce that **Denise Ellis** has been appointed as the new Head Coach for the National squad; she will take the team to the World Championships in July 2007 in Fiji.

Denise is married and lives in Plymouth with her family, where she works as a PE Teacher at Ivybridge Community College. She has extensive netball knowledge and experience from grassroots to elite having been involved for many years.

Denise is a current tutor of both coaching and umpiring courses and has been a member of England's High Performance Coaches Group since 2001. Previous coaching positions include England U19 Head Coach 05/06, Team Bath Superleague winners Assistant Coach 05/06 and England U17 Head Coach 04/05.

The senior squad players will need to watch out as their new coach was a Physical Training Instructor in the Royal Navy for seven years, so she's used to keeping people on their toes!
